

Safayet Gazi Sopan

TECHNICAL SUPPORT &
CRM SPECIALIST

WORK EXPERIENCE

Virtual Assistant & Tech Support

Trends Bird Limited
2024 - 2025

- Used Go High Level and n8n to automate client workflows and task processes, improving team efficiency and reducing manual work
- Handled professional email and client communication, resolving follow-ups and routine issues across different time zones
- Managed calendars, meetings, and appointment scheduling using Google Calendar and Outlook for multiple clients
- Maintained accurate CRM-style records and reporting using Google Sheets, Excel, and Google Docs
- Coordinated tasks and tracked progress across Trello, Slack, and Notion in a fast-paced, multi-client environment

CRM & Automation Specialist

Freelancer
2023 - 2024

- Configured GoHighLevel CRM systems, pipelines, calendars, and automation workflows for client projects
- Diagnosed and resolved technical issues across CRM setups, funnels, and marketing automations
- Built and optimized websites and landing pages using HTML, CSS, & JavaScript.

EDUCATIONAL EXPERIENCE

- **Personal Portfolio Website:** Designed and built a fully custom website from scratch using HTML, CSS, and vanilla JavaScript — no frameworks or libraries
- **Bookstore Management System (Java):** Built a full-fledged GUI application for a Bookstore management team with Java
- **Book My Chef (C#):** A chef booking system that includes booking chefs, caterers, event organizers and much more using C#.
